Best Management Practices for WaterWise Outdoor Watering

- Water only when necessary based on Frisco's weather station data.
- Keep sprinkler systems *turned off* until data from Frisco's weather station indicates watering is needed.
- Water on your regular residential trash day, when recommended by the weather station.
- No watering 10 am—6 pm during Daylight Saving Time.
- Water by hand using a hand-held hose, up to two hours daily.
- Water using drip irrigation, bubblers and soaker hoses up to two hours any day.
- An additional watering day is permitted when recommended by the city's weather station.
- Schedule a FREE sprinkler system checkup with a City of Frisco licensed irrigator.

Best Management Practices For Being Water Wise

Frisco's Best Management Practices allow for flexibility in watering lawns and landscapes. Our water customers are joining the effort to use water more efficiently and watering only when necessary, based on the City of Frisco's own weather station data.

Current Watering Schedule

Keep your sprinkler system turned OFF and check our website for watering recommendations based on Frisco's weather station data.

If watering is necessary, watering schedules are based on the regularly scheduled residential trash collection day.

No outdoor watering from 10 am to 6 pm during Daylight Saving Time.

Water using a hand-held hose, soaker hose, and drip/bubbler system up to two hours daily.

Weekly Lawn Watering Advice

Not sure how much to water your lawn?

Sign up for Frisco's weekly newsletters with lawn watering advice based on data from the City's weather station.

Plant Native and Adaptive Landscapes

Native and adaptive plants conserve water, beautify your landscape, attract butterflies, and are Texas tough for hot, dry summers.
